

COUNTY WIDE PHONE SCAM ALERT

Please share this information with your friends and family in Galveston County:

There is a phone call about a jury summons using Judge Mark Henry's name. The person identifies himself as **Sgt. Bradley** with the Galveston County Sheriff's Office and states that Judge Henry has issued a warrant for your arrest. **The notice states that if you do not pay \$1,000 immediately, then you will be arrested and sets court date of May 4th.** If you receive a call similar to this, please report it to local law enforcement.

IMPORTANT: All official notices are sent via certified mail and never over the phone asking for immediate payment via credit card. Unfortunately, an attorney in League City found the call to be so credible that they paid the money over the phone. Please spread the word so we can prevent others from becoming victims to this scam.
